Taking the Sermon Into Our Week

Scripture of the Week: Galatians 1:13-17; 2:11-21

From the Sermon:

Paul thought that he and Peter and the other leaders in Jerusalem had an understanding-
new _____ converts did not need to become _____ in order to be a believer in
Christ.

Paul is saying there can be no _____ or _____ when it comes to the salvation of Jesus Christ.

You can't say that you are saved by _____ *and* the _____.

_____ is what replaces _____ as that which propels us forward everyday.

Faith is the priority because it points us to the _____.

Reflection Questions:

How would you define "faith"?

What would you say your faith is built upon?

How do you share faith with others?

Prayer:

Lord, we confess that all too often we take your Good News and try to add to it. We try to gloss it over with doctrine, having right beliefs. Or we say that people need to act a certain way to be welcomed, having right actions. But you invite people to simply come and be transformed by your love and grace. Let us claim this as the center of our faith again today. Amen.
