

Sabbath, Study, Serve
Taking the Sermon Into Our Week

Scripture of the Week: 1 John 5: 1-6

From the Sermon:

We crave _____ with God.

Wesley calls staying in love with God, attending to the _____.

While Wesley gave a concise list of _____ that feed most people, like scripture reading and prayer, there are others that may work for us specifically.

All too often Christians get caught up in the idea of what they _____ be doing, when in reality it doesn't help us stay connected to God.

Reflection:

What are some of the most important relationships in your life and how have you developed them?

What makes it in your life that you are able to do this very difficult task? What keeps you close to God?

What are the ways that you spend time with God and grow and are they working?

What ways are you currently seeking to grow in your relationship with Christ and what new ways can you think of to try in the coming weeks?

Prayer:

Lord, thank you for inviting us to deeper relationship with you. Help us to respond to this invitation, we pray. Amen.
